Goldman Sachs is where exceptional people can build extraordinary careers. We seek to hire people with diverse skill sets, interests, and backgrounds – and we provide them with hands-on experience to business challenges and opportunities to learn firsthand from the very best.

Our Engineering Organisation builds solutions to some of the most complex problems in the industry. Our commitment to be best-in-class technology provides Goldman Sachs with a competitive edge.

We'd love to meet you – join us at our Africa & Caribbean Engineering Insight Event. Hear from members of the Black Engineers Network, one of the firm's many Inclusion Networks, to discover the Goldman Sachs culture and the different engineering roles within the firm.
